

Mrs Law

Boston May 6th 1868

Madam. I received a note from
you delivered by your son, which stated that I could
have your rooms. I wish your son would oblige me
by calling on the most convenient stable keeper
and engaging board for a horse and room for
carriage. Possibly your son comes to town often
if so I wish he would call and see me.

I wish to simply to ascertain if I can have ac-
commodations, as it will be necessary for me
to go to Hingham myself before I take my family
there

Respectfully Yours
